WESTERY MAN SERIOUSLY INJURED

George E. Champlin Badly Crushed Under Cart Wheel at Watch Hill—Car Collided With His Team—British Endeavorers Against Fight Pictures—Cars to Pleasant View will Run Soon.

General Manager Sewell, who is in Westery, is supervising the rebuilding of the Pawcatuck Valley street railroad, said Wednesday that, barring unforeseen obstacles, the large and new modern cars will be in operation between Westery and Pleasant View by next Saturday or Sunday. He said that the work, which was progressing at the rate of about eight hundred feet a day, and yet he is frequently reminded that the work is being done much slower than when the original road was constructed. Such complaint amuses the experienced trolley road manager, who knows the difference between the construction at that time and the present.

Then, if the contractors encountered a boulder on the line, it was simply a case of laying ties on either side of the boulder, which according to the contractor, would be the rails and the jolting of passengers.

Now the ties must be laid at regular intervals and all obstructions must be removed and the rails laid in straight lines. The work is being done at a high speed possible without danger.

When completed the Pawcatuck Valley street railroad will be one of the best built and equipped roads in New England, and by reason of the thoroughness in construction will remain in unimpaired condition for at least fifteen years without repairs of any consequence.

Mr. Sewell regrets that he was not familiar with the town ordinance which required that trolley poles placed in the compact part of the town should be of chestnut, of a specified height, and be squared and finished. As he fears there may be some delay in procuring the poles. About twenty of these poles must be placed in Main street for the North Stonington turn that supplies the poles now being used along the road has none of the specified chestnut poles.

When the construction to Pleasant View Junction is completed, the road will be a complete line, and the trolley company will ask the town council to permit the continuance of the work to Watch Hill, to connect with the trolley line of the North Stonington turn. It is quite probable that this permit will be granted, as below the Pleasant View Junction the work can go forward without inconveniencing public traffic, with the exception of one section, where the road would necessarily be partially blocked for one day.

This section, according to a vote of the Watch Hill fire district, will be strongly opposed and there will be a fight on the street, when the road will be closed for a week or more. The next regular meeting of the town council will be held the first Monday of August, and by that time the section of the trolley route that has been rebuilt will be in complete order, and may result in a change in the antagonistic stand taken by the summer residents of Watch Hill.

Michael Tuscane is now classed as a laborer by his young associates in the Pierce street section where he resides. He is twelve years of age and is a bright, lively boy. He is the son of Tony Tuscane, who lives on the corner of Main and Pleasant streets. Both boys were wandering in the Pawcatuck river at the foot of the bridge, when Tony went beyond his depth and shouted for help. Mike was able to swim and went immediately to the rescue of his young companion, who was nearly exhausted and was about to sink to the bottom.

Mike grabbed Tony and struggled with him to the shore just as his own strength gave out. The whole affair lasted less than three minutes, and the brave act was witnessed by several men who hurried to the shore, some giving attention to the boy, while the other succeeded in restoring Tony to consciousness.

George E. Champlin, proprietor of a stable in Canal street, was very seriously injured Wednesday morning as he was crossing the bridge over the Pawcatuck river.

Watch Hill, and there is liability of fatal results. He was at work for the highway department of the town of Westery with a pair of his horses and a dump cart in repairing the road bed. The cart loaded with stone was backed upon the track of the Pawcatuck Valley street railroad when a trolley car approached. The motor man sounded the gong and Mr. Champlin started to jump from the track, but he was unable to do so, and was struck by the front of the horse, causing them to back. In the meantime the trolley car had continued on the route and struck the cart with considerable force. Mr. Champlin was thrown from his seat and against a wheel of his cart, landing with considerable force on the ground, his body actually blocking the wheel of the heavily laden cart.

He suffered severe pain and was unable to move. Dr. John F. Champlin was summoned, gave the injured man temporary relief, and then Mr. Champlin was taken in an express wagon to the Westery hospital, nearly six miles distant. Blankets were laid in the car and the injured man was made as comfortable as possible under the circumstances in the improvised ambulance.

Upon his arrival at the hospital he was attended by Drs. Champlin and Scanlon. It was found that the pelvis was separated from the spine at the last section of the vertebra, and the framework of the body was dislocated. While the injury is not necessarily fatal, there is a certainty of permanent disability, and perhaps total disability. Investigation will determine the responsibility for the accident.

Drs. Champlin and Scanlon, in order to better determine the treatment, took an X-ray photograph of the injury Wednesday evening.

John Barber was conductor and J. Irons of Jewett City the motorman of the car that collided with Mr. Champlin's cart and caused the mishap.

It is apparent that an ambulance should be available for emergency cases in Westery after the demonstration of Wednesday, when George E. Champlin was injured. The ambulance was conveyed in an open express wagon from Watch Hill to the Westery hospital, a distance of six miles. It was necessary to drive slow as not to jolt the injured man any more than was possible, and nearly three hours were required to make the trip, and all that time he was exposed to the heat of the sun and the dust of the road. With one hundred or more touring cars at Watch Hill, it is surprising that at least one of three was not tendered for the injured man to the Westery hospital, or arrangements were not made to have him transferred on a trolley car. The accident happened before ten o'clock and it was after one o'clock when Mr. Champlin reached the hospital.

At the regular meeting of the local union of the United Societies of Christian Endeavor, which was held at the connection with the Johnson-Jeffries moving pictures of the fight at Reno. A resolution was adopted in approval of a petition drawn by Rev. John G. Dutton and Mr. Norman of the Broad Street church, asking the town council to request the town council to prohibit the exhibition of the fight pictures in the streets of Westery.

The petition will urge the matter before the town council. At the present time there is no moving picture or vaudeville house in Westery, and therefore the object of the petition is not plain. A place of amusement is to be opened in Westery. The place would be across the bridge, and located in Pawcatuck street, in the jurisdiction of the Westery town council.

Local Lancers.

Band concert in Wilcox park Thursday evening.

The building of the Working Men's club is being raised and otherwise improved.

There was large attendance at the lawn festival of St. Michael's church, Wednesday evening.

Dr. and Mrs. Thomas E. Robinson returned Wednesday from an automobile tour to Atlantic City.

Mrs. Phoebe P. Bailey and Miss Frances A. Bailey, of New York, who are visiting their niece, Miss Martha P. Babcock, in West Broad street.

Joseph L. Peacock, librarian of the Westery public library, has returned from Mackinac, Mich., where he attended the annual convention of the National Library association.

Rev. J. Van den Noort of Meriden, Nicholas Schneider of Meriden and J. E. Martiny of Norwich were the guests on Wednesday of Rev. James Cunningham, pastor of St. Michael's church, and his wife, Mrs. William Krause. The priests enjoyed a ride to Watch Hill and Westery on Thursday.

Deputy Sheriff Helm, assisted by Officers Harris and Smith, raided a house on West Stafford Hill kept by Joseph Harper, Wednesday morning, and seized a quantity of liquor and placed John Tobin and Alice Abbott under arrest. Mr. Harper had been paid wise to the officers' coming and had disappeared the previous night. Tobin and Abbott will be prosecuted criminally.

M. E. Sullivan of Willimantic was in town on business Wednesday.

W. T. Williams will return for another year. Miss Hubbard will inform the committee as to her intention on Saturday, and the vacancies, if any, will be filled at the board meeting Monday.

BILLS FOUND IN WASH.

Bridgeport Laundryman Is Assured of Customer for Life.

When Thomas L. Lowe, laundryman, was asserting some clothes recently in Bridgeport, he found a soldier's envelope, which contained fourteen bills. The envelope was in the washing belonging to Mrs. Wood of South Norwalk, one of his customers. Mr. Lowe jumped on a train Thursday and returned the money to Mrs. Wood, who had not missed it. Mr. Lowe is sure of keeping one customer for life.

Now that the assassin of Rouben Pasha has been hanged at Cairo, Col. Robert of the Westery Post office has offered to cease viewing Egypt with alarm.—Galveston News.

PARTRIDGE BROOD.

Domestic Hen is Stepmother of Hungarian Birds.

Postmaster Bailey of Bethel, as every one knows, is an expert on chicken raising, but he now has a brood at his home on Elm street vastly different from any which he ever bred, for they are twelve little Hungarian partridges, with a domestic hen for a stepmother.

The story, Daley, while moving on Hott's hill on June 30, accidentally fell over and killed the mother partridge. Her nest was found to contain twelve eggs, of which three were broken. The next day, or so, some fourteen or fifteen hours after the nest was found, the eggs were placed under a hen owned by Mr. Daley and strange to say, a few days after seventeen little birds were hatched.

The hen was a large one, and she by accident killed several in the nest, but a dozen are now living and are as bright and lively as need be. While yet early to predict, it now seems probable that the little creatures will survive and be given their liberty in the woods and many ways.

The Hungarian partridge, which was killed, was without doubt one of those which were purchased and set at liberty in the woods of the vicinity of Bethel by the sportsmen of that place.

Lieutenant Evans Ordered to Philippines.

Lieut. H. L. Evans of the Ninth infantry, who has been in charge of the recruiting station at New Haven for two years, has been granted two months' leave of absence, at the expiration of which time he will report for duty in the Philippines. We will be succeeded by Lieut. G. V. Hodge of the Tenth infantry, now stationed at Fort Benjamin Harrison, Ind.

A WOMAN'S BACK

The Aches and Pains Will Disappear If the Advice of This Norwich Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault. Backache is really kidney ache. That's why Doan's Kidney Pills cure it.

Many Norwich women know this. Read what one of them has to say about it: "Oscar Bjork, 159 Mt. Pleasant Street, Norwich, Conn., says: 'I found splendid results from the use of Doan's Kidney Pills, and therefore do not hesitate to recommend them. For some time I was greatly annoyed by backache, and when I first arose in the morning the pain in my loins was always more severe. Often if I lay down my back became lame and painful. That I was scarcely able to arise. My mother told me that my suffering was due to my kidneys being out of fault, and learning of Doan's Kidney Pills I went to N. D. Sevin & Son's drug store and procured a box. They proved to be just what I required, and in a short time the pain and lameness had disappeared. In fact, I felt better in every way. Doan's Kidney Pills fully carry out all claims made for them.'

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

"Foley Kidney Pills Have Cured Me." The above is a quotation from a letter written by H. M. Winkler, Evansville, Ind. "I contracted a severe case of kidney trouble. My back ached and pained me. I seemed to have lost all strength and ambition; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley's Kidney Pills regularly and in a few days I felt much better. I like a new man. Foley Kidney Pills have cured me." Lee & Osgood Co.

The cleverest imitation of real coffee ever yet made is Dr. Shoop's Health Coffee. It is fine in flavor and is made in one minute. It is sold in 20 or 30 minute bottles. Made from pure parched grains, small nuts, etc. Sample from Lee & Osgood.

GOVERNOR WILLING TO FLY

But Attorney General Holcomb Hastily Advised Him Not to Do So.

Hamilton, the aviator, was quite urgent at New Britain to have Governor Weeks make the flight with him in the airship, and the governor, not afraid of anything that comes along, was far from unwilling to go up. While he was hesitating over the situation, he turned to Attorney General Holcomb, who was another of the guests of the day, and started to consult him about it.

Judge Holcomb was short and distinct. It did not take him a minute what to advise. "The first thing for you to do, governor," he said, "under such circumstances would be to accept my resignation as attorney general and name my successor. Then you can go up. I do not propose to walk into the situation that would follow in case you came down so fast that you went up for good."

Governor Weeks, as we all know, was elected lieutenant governor. At Governor Lillie's death he succeeded to the office. If now he should leave us, Senator Brooks, president of the senate, would come next, but the excellent gentleman has recently been undergoing a severe illness and he

could not at present assume the cares of the governorship. Governor Weeks did what is always the sensible thing—he took the advice of Judge Holcomb.—Middleton Sun.

Your Liver is Clogged up

That's Why You're Tired-Out of Sorts—Have No Appetite. CARTER'S LITTLE LIVER PILLS will put you right in a few days. They do their duty. Cure Constipation, Biliousness, Indigestion, and Sick Headache. SMALL PILL, SMALL DOSE, SMALL PRICE. GENUINE must bear signature.

Beautified

Automobile Owners Attention

cost you but one dollar and works while you sleep.

Will remove all carbon deposit, leaving the cylinders in a free working, clean condition.

Used and recommended by the better automobile owners everywhere.

FOR SALE BY

Charles Osgood & Co.

Commerce Street

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection

WICK BLUE FLAME

Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wick with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer has no stock; if not at yours, write for descriptive Circular to the nearest agency of the Standard Oil Company.

Standard Oil Company

(Incorporated)

The Kotten

Suction Cleaner

FOR SALE OR TO RENT

CAN BE OPERATED BY ONE PERSON and do the same work as any high priced machine.

It is compact, light in weight, and can be carried up and down stairs with ease.

The Suction is created by the natural motion of the body in moving the nozzle back and forth, which throws the weight of the body from one foot to the other, thereby developing a strong suction at each stroke of the nozzle.
